

Come Follow Me- for Primary
 "Repeat several times the phrase "If ye are prepared ye shall not fear," (verse 30). After a few times, leave out a word, and let the children say the missing word....Help the children think of things Heavenly Father wants them to prepare for, such as being baptized or going to the temple. Use pictures of objects to give them ideas. Talk about ways they can prepare..."

There are two ways to teach this activity.

1. Assemble the prepariness kit, have the all the pieces over the top of the pictures. Show the children your kit, ask them what they think, they may have kits similar to this one, but with real items. Show them how the pieces have words on them, tell them it is a scripture. Read it together a couple of times. Then give each of the child/ren a turn to remove a piece. Talk about the picture that is revealed, and how those things can help us prepare, or how we can prepare for those things. Try saying the scripture together, with all the pieces gone, or a few pieces left. Bear your testimony that God warns us to be prepared because he loves us.

2. Same as 1, but instead of having the pieces already over the top of the pictures, have them hiding in different places in the room. Open your kit and talk about the different pictures. Tell them that God wants us to prepare for these things, or use these things to prepare to live with him again. Tell them that there are pieces hiding that need to go in your kit ask them if they will help you find them. Point out that there are words on the items, like a secret message. After each word is found read the message and see if the kids can figure out what it means. When the message is complete, tell them it is a scripture in D&C 38:30. What does God want us to know or learn from this scripture? Read the scripture together a couple of times. Bear your testimony.
