

Come follow Me- for Primary “Draw a large picture of the sun on a piece of paper, and cut it into several puzzle pieces. Give each child a piece, along with one of the following scripture passages to read: Doctrine and Covenants 76:51; 76:52; 76:53; 131:1-2. Ask the children to find in their verses something that we must do to receive eternal life in the celestial kingdom (some verses include more than one answer), and write it on their piece of the sun. As they work together to assemble the puzzle, express your confidence in them that with the Savior’s help, they can qualify for the celestial kingdom.”

Cut out and pass out the sun rays, Have the children look up the scripture on the ray. After they have taken a turn to explain what they found out from the scripture they can add their piece to the sun.

*Heavenly Father has prepared a kingdom of Celestial glory for me.*
