You are playing a game at school, and someone else cheats to get you out, what do you do?

You got very upset and hurt the person that made you get out.

Move backwards 2 steps

Your neighbor is very old and lonely, they don't have anyone to help them, what can you do?

You made a good choice. You visted with an adult and helped them.

Take 3 small steps forward.

You have a friend who doesn't go to church, what can you do?

You invited them to come to primary with you, good job!

Take 2 steps forward.

create your own

Your friends come over to play, but your chores aren't done. What do you do?

Too bad, you lied so you could go play.

Take 2 steps backwards.

Come Follow Me- For Primary "Display a picture of Jesus Christ, and then describe choices a young child might make. Ask the children to take a step toward the picture each time you describe a good choice. Ask them to take a step away from it each time you describe a bad choice."

Cut out the gumballs and put them in a bag. Have the children line up against the wall, opposite of the picture of Jesus. Walk to each child and have them pull a gumball out of the bag, read the scenario, and see how many steps they get to take to get to Jesus.
