

**Mosiah 18:17-28**

**We have a church like Alma's**

Couple of ways you can teach this. First pass out each picture to different children, you could have the pictures taped on blocks or cups, Read Mosiah 18:17-28, have the children listen for when the scripture talks about their picture. When it does let the child come up and stack their block or tape their picture on the board.

There are numbers on the pictures that show what verse it is from. When all the pictures have been placed or structure has been built. Add the steeple to the top, and bear your testimony that our church is build on wonderful things just like in was in Alma's time, and that it is true.
