

Come Follow Me- For Primary “Display a picture of a school, or draw one on the board, and invite the children to explain what a school is and what happens there. Tell about the school Joseph Smith started. Show the children pictures of a home, a church, and a temple, and ask them how these places are also like schools.”

Have the children match up the puzzle pieces of the home, temple and church on top of the school, as you teach according to the Primary manual.
