

Come Follow Me- for Primary "Invite the children to count to eight using their fingers. What is special about being eight years old? Help the children recognize that when they are eight years old, they can be baptized. Using words and phrases found in Doctrine and Covenants 68:25-28, share with them some of the things the Lord wants them to learn about before they are eight (see also Articles of Faith 1:4). Help them understand concepts that might not be familiar to them."

Have the child/ren count the candles and put them on the cake. Sing "Happy Birthday" blow the candles off the and let the other children count the eight candles and put them on the cake.
